

Model 35900/35905

10" CABINET SAW

WITH RIVING KNIFE, 30" INDUSTRIAL FENCE SYSTEM AND TABLE BOARD

Exterior Adjustment for 45° and 90°

Blade Stops:

Provides easy and accurate settings for the 45° and 90° positive stops.

Built in Riving Knife:

Quick release riving knife gives you additional safety when making a variety of cuts.

Industrial T-Square Type Fence System:

This smooth operating fence system can be operated with finger-tip ease and provides unmatched precision and accuracy.

1.75 HP or 3 HP TEFC Dual Capacitor Motor:

Provides plenty of power for tough cutting operations.

Totally Enclosed Cabinet with 4" Dust Port:

Provides more efficient dust collection than an open or partially enclosed stand unit.

Cabinet Mounted Trunion System:

The precision-machined cast iron trunions are mounted to the cabinet to ensure perfect blade alignment, increased stability and to eliminate vibration.

BY WOODWORKERS. FOR WOODWORKERS.
